📄 coltonkawaura

Summary

Using scientific and engineering computational techniques to design and deploy solutions to complex problems in software development, DevOps, and science.

Education

PhD	University of Amsterdam , Physics	Amsterdam, NL
	• Condensed Matter / Soft Condensed Matter	2025 – 2030
Masters	Naval Postgraduate School , Physics	Monterey, CA
	• Computational Quantum Thermochemistry / Undersea Warfare	2018 – 2021
Bachelors	US Naval Academy , Physics / Chemistry	Annapolis, MD
	• Computational Physics / Biophysics	2008 – 2012

Experience

Duotech Services , Program Engineer (Software)	Franklin, NC
System software engineer and DevOps engineer.	2025 – 2026
• C# .NET, Python, SQL, Node.js, and JavaScript development.	1 year
• DevOps tooling and deployment pipeline automation.	
Naval Postgraduate School , Research Faculty	Monterey, CA
• Multi-Agent Drone Algorithms research.	2024 – 2025
• Computational Soft Condensed Matter simulations.	1 year
US Navy , Special Operations Officer	Various
• Explosive Ordnance Disposal Operations.	2012 – 2024
• Special Operations missions.	12 years

Awards

Chief of Naval Operations (CNO) Award	2020
Outstanding Thesis Award	2020

Publications

High-Energy-Density Material with Magnetically Modulated Ignition	2020
James E. Allen, Sergey V. Zybin, Sergey I. Morozov, Owen T. O'Sullivan, Colton Kawamura, David E. Waxler, Joseph P. Hooper, William A. Goddard III, Michael J. Zdilla pubs.acs.org/doi/10.1021/jacs.3c10621 (Journal of the American Chemical Society (ACS Publications))	
Trauma Exposure and Functional Movement Characteristics of Male Tactical Athletes	2015
Marcus K. Taylor, Lisa M. Hernandez, Pinata H. Sessoms, Colton Kawamura, John J. Fraser pmc.ncbi.nlm.nih.gov/articles/PMC7164567 (Journal of Athletic Training)	

Structure, Thermodynamics, and Energy Content of Perchlorate Containing Manganese-Clusters

2020
